

DRIVE SMARTER	
Location Alerts	Set up geofencing, get notified if a route changes and create time-based zones for extra peace of mind.
State of Charge	Get quick updates when your charge is low or if the system notices an unusual battery drain.
Vehicle Alerts	Stay informed about things like unauthorised entry, open doors, or even high or low tyre pressure.
Service Alerts	Receive maintenance reminders and book or track your service in just a few taps.
Safety Alerts	Know instantly if there's overspeeding, signs of drowsiness or unfastened seatbelts.
E-Assist	Reach SOS, RSA and your digital passport whenever you need them.
Toll Charge Assist	Check your FASTag history and recharge it right from your phone.
Chauffeur login	Give your Chauffeur selective access to maintain your Mahindra eSUV.

STAY CONNECTED	
In-Car Experience	Enjoy smart comfort features that put you in control - adjust the climate, mirror your screen, and personalise the cabin exactly the way you like it.
Personalized Greetings	Create your own custom audio greetings so your eSUV welcomes you in style.
Documents	Keep all your important vehicle papers stored safely in one place for easy access.
Find My Tribe	Plan trips together and stay in sync with your group while travelling.
Park Assist	Park or unpark your vehicle remotely and make tight spots feel effortless.
Smartwatch Alerts	Stay updated on the go by receiving important vehicle alerts straight to your smartwatch.

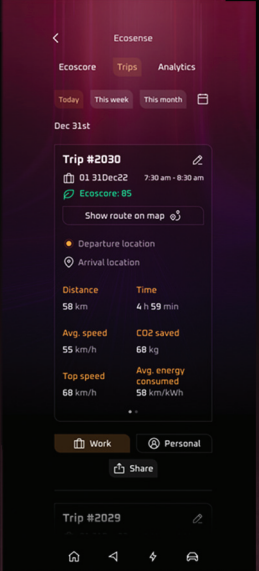

Me4U Features, functionality and availability may vary by vehicle model, variant, vehicle software version, mobile device, operating system, network-connectivity and location. Certain features may require an active MAIA data pack. Always follow local traffic laws and safety guidelines. Features are subject to change without prior notice.
